

# Supreme

Our ranges of bathroom accessories are made from 304 Stainless Steel and are offered to the market at the most affordable pricing. The quality is guaranteed and our designs are simple but practical. We also offer customized options in lengths of rails, as we are a manufacturer and not an importer.

Our key advantage is that we always have stock, and if for some reason we have to manufacture some stock items, it takes a couple of days relative to the size of the order.

We offer our ranges in brushed or polished stainless steel as well as matt black powder coated stainless steel. We also offer contractors ranges that are as elegant as the others, with slight differences to make it more affordable.

We offer a complete turn key solution to architects on all custom projects from mock up rooms to final product.

We pride ourselves on our service, and the quality of all our products, and the fact that it is all locally produced in Cape Town.
